RECITALS

WHEREAS, the City and Grantee entered into that certain Collection Franchise Agreement in 1994 (the "Agreement") to provide for non-mandatory solid waste collection in the City; and

WHEREAS, the City and Grantee wish to amend the Agreement in certain respects to, among other things, clarify the types of waste that are subject to the Agreement and to alter the rate structure for services under the Agreement.

NOW, THEREFORE, FOR GOOD AND VALUABLE CONSIDERATION, THE RECEIPT AND SUFFICIENCY OF WHICH ARE HEREBY ACKNOWLEDGED, THE PARTIES AGREE TO AMEND THE AGREEMENT, AS FOLLOWS:

1. The first paragraph of Section 1.A. of the Agreement is hereby amended to read as follows:

- A. The City grants to Grantee, for the term of and in accordance with this Agreement (including all extensions or renewals), the exclusive franchise, right, privilege and contractual duty to make and arrange with residents of Single-Family Units, residents and/or owners of Multi-Family Units and owners and/or persons in charge of commercial, industrial, institutional and other entities and construction and demolition sites in the Franchise Area for the collection, transportation and removal to Solid Waste Processing and/or disposal facilities, of all Residential, Industrial and Commercial Solid Waste (including discarded Recyclables and discarded Recyclable Material and Construction and Demolition Debris) and all Recyclables and Green Waste that have been generated within the Franchise Area, which has been generated or accumulated with the Franchise Area and which has been placed in an authorized Solid Waste Container; provided, however, that said franchise shall be nonexclusive with respect to the collection and transportation of Recyclable Materials that meet the following requirements:

2. Section 1.C of the Agreement is hereby amended to read as follows:
  - C. Exceptions to Exclusivity. The exclusive franchise granted by this Agreement shall not apply to:
    - 1) A person or entity who contracts for landscaping or gardening work performed for the customer and incidental to such services removes and Recycles or disposes of Green Waste, provided that such removal and Recycling or disposal are performed by the person removing and Recycling or disposing of such Green Waste, and not by a subcontractor or other third-party;
    - 2) A person or entity who has been given an exemption by the City from any mandatory collection ordinance that the City may adopt in the future;
    - 3) A licensed contractor that generates Construction and Demolition Debris in the course of his/her/its business activities and such contractor, or his/her/its full-time employees and not a subcontractor or other third-party, self-haul such Construction and Demolition Debris (but excluding all other Solid Waste or Recyclables) to an authorized and permitted (as may be required by federal, state or local regulatory agencies with jurisdiction over such activities) processing facility for purposes of Material Recovery. A licensed contractor shall not use any subcontractor or other third party other than Grantee to haul Construction and Demolition Debris to an authorized and permitted Materials Recovery Facility; or
    - 4) A person handles, hauls, or transports Solid Waste or Recyclables generated by or from his/her own residence or business operations for purposes of disposing of same at an authorized disposal area or transfer station; provided, however, that the exception set forth in this Section 1.C.4) shall terminate when the City requires Mandatory Service.

3. The following is added to the Agreement as a new Sections 1.E.:
  - Grantee shall also collect and remove all Commercially Generated Recyclable Materials, including Green Waste, at the rates established by this Agreement. **SECTION 17 — REVIEW OF PERFORMANCE AND QUALITY OF SERVICE**

- A. Performance Review. From time to time, at its sole discretion, the City may examine Grantee's operation in order to evaluate whether or not Grantee is operating at a satisfactory level of efficiency and customer satisfaction. Grantee agrees to cooperate in any such examination, and shall permit the City's representatives to inspect, at Grantee's principal place of business, such information pertaining to Grantee's obligations hereunder as the City may require, including, but not limited to, such things as customer inquiry records, collection routes and equipment records. Access to Grantee's records shall be subject to Section 14.

At the City's sole option, within ninety (90) days of the first anniversary of the Commencement Date of this Agreement, and each year thereafter throughout the term of the Agreement, the City may hold a public hearing at which Grantee shall be present and shall participate, to review Grantee's performance and quality of service. Grantee shall notify the City and its customers of the address of its Website.

15. Section 18 of the Agreement is hereby deleted.

16. Sections 19A, 19B and 19E of the Agreement are deleted and the following are inserted as Sections 19A, 19B, 19C, 19D, 19E and 19H, and Sections 19C, 19D, 19E, 19F and 19G of the Agreement are hereby renumbered Sections 19F, 19G, 19H, 19I and 19J, respectively:

A. Grantee Rates. Grantee shall provide all management, supervision, personnel, materials, equipment, utilities, services, supplies and all other things necessary to perform all services, obligations, covenants and other acts required of Grantee under this Agreement for the rates specified in Exhibit "B" as adjusted pursuant to this Section. Grantee shall pay all real estate taxes and assessments, general or special, ordinary or extraordinary, of every name, nature and kind whatsoever, and any possessory interest tax, which may be levied, assessed, charged or imposed, or may be or become a lien or charge upon any of the buildings, improvements, equipment or other real or personal property of Grantee. Grantee shall not receive any form of payment or other consideration from the City for its performance under this Agreement except for the grant of the exclusive franchise provided in this Agreement. Grantee instead shall look solely to its customers in the Franchise Area for payment for all of Grantee's services and performance hereunder.

- 1) City's Power. To the extent that Grantee's rates are established by this Agreement and are subject to automatic rate adjustments for deflation/inflation under Section 19.C., the terms of this Agreement shall govern the setting of Grantee's rates. The City Council shall set and regulate all other rates and charges by Grantee for any and all services and activities it performs or engages in the Franchise Area.
- 2) Extra Charges. Grantee shall not impose extra charges on customers for extra service or for other reasons, except where expressly allowed by the Rate Schedule approved by the City Council.
- 3) Rates for Mandatory Service. Exhibit "B" sets for rates for both Mandatory and Non-Mandatory Service to be effective on July 1, 2008. Currently the City has Non-Mandatory Service. "Mandatory Service" will result if and when that the City adopts changes to its Solid Waste ordinance and to this Agreement requiring all residents and users of Solid Waste Services in the Franchise Area to use Grantee's services exclusively. Commencing July 1, 2008, Grantee has agreed to charge the rates set forth on Exhibit "B" for Mandatory Service, even though the City currently has Non-Mandatory Service. Such rates shall be subject to adjustment as provided in Sections 19B, 19C and 19D. Beginning July 1, 2009, and on each of July 1, 2010 and July 1, 2011, in addition to the rate increases provided in Sections 19B, 19C and 19D, Grantee will be allowed to increase rates in the amounts set forth under "Non-Mandatory Service" for those dates set forth on Exhibit "B"; provided that if prior to July 1, 2011, the City requires Mandatory Service, the rates charged to customers in the Franchise Area shall be the rates for Mandatory Service set forth on Exhibit "B" commencing July 1, 2008, as adjusted

pursuant to Sections 19B, 19C and 19D. If the City requires Mandatory Service after July 1, 2011, the City and Grantee shall negotiate in good faith to reconcile the rates for Mandatory Service based on the rates for Mandatory Service set forth in Exhibit "B".

B. Time for Rate Settings and Rate Settings Procedure. Other than increases/decreases for inflation governed by Section 19.C., the City Council shall set the rates to be charged by Grantee pursuant to this Agreement annually at the beginning of each Operating Year (commencing with July 1, 2008), unless a longer period is agreed on by the City and Grantee. Notwithstanding the foregoing, by approving this Amendment, the City Council also approves the rates set forth on Exhibit "B" commencing July 1, 2008. Grantee shall submit a written request to the City Council for a rate adjustment no earlier than January 1<sup>st</sup> and no later than April 1<sup>st</sup> prior to the commencement of each new Operating Year. Increases and decreases in Grantee's rates for inflation/deflation are not governed by this Section 19.B. but instead are governed by Section 19.C.

Grantee shall provide written notice to each rate payer in a form approved by the City, of the time, date and place of each hearing set by the City Council to set rates. Grantee shall provide said notice at least ten (10) but no more than sixty (60) days prior to such date.

Grantee expressly assumes the risk that its costs may be higher than the rates in this Agreement shall provide compensation for, or that its revenues may be lower than projected.

By this Agreement, neither the City nor its City Council or employees or consultants agree, guarantee or warrant that Grantee will achieve reimbursement for all of its operating costs or pass-through costs, or that Grantee will achieve any profit margin.

The City, or its agent, reserves the right to annually perform an independent review of the rates charged pursuant to this Agreement, at its own expense, to verify that such rates are being calculated and charged in accordance with this Agreement.

C. Inflation/Deflation. Provided Grantee has satisfied the performance criteria set forth on Exhibit "C", then, in addition to any rate changes approved pursuant to Section 19.B., Grantee's rates for services described in Exhibit "B" (but exclusive of Franchise Fees) shall be automatically adjusted, upward or downward, annually, effective July 1<sup>st</sup> of each year during the Term of this Agreement, commencing on July 1, 2008, based on the increase or decrease of the Consumer Price Index – All Items – for the State of California, published by the US Bureau of Labor Statistics ("CPI") during the most recent twelve (12) month period ending no later than December 31<sup>st</sup> of the calendar year preceding the upcoming Operating Year; provided, however, such automatic adjustment shall only occur if, no earlier than January 1<sup>st</sup> and no later than April 1<sup>st</sup> prior to the commencement of each new Operating Year, Grantee has provided written notice to the City and its customers, which notice shall specify the amount of the adjustment determined in accordance

[Redacted] with this Section 19.C, if any. Thus, if the CPI increased three percent (3%) from January 1, 2007, through December 31, 2007, then Grantee's rates in Exhibit "B" would automatically be subject to a three percent (3%) increase effective as of July 1, 2008.

In the event either the CPI index is no longer published, the parties shall confer in good faith to select an alternative index and shall confirm their agreement on a substitute index in writing. If the parties are unable to agree on a substitute index, either party may submit the selection of the substitute index to binding arbitration before a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. All percentages shall be computed to the third decimal place and the change in Grantee's rates shall be calculated to the nearest cent (\$.01).

D. Adjustments for Extraordinary Circumstances. In addition to the adjustment mechanisms set forth in Sections 19.B. and 19.C. above, Grantee may request an adjustment to Grantee's rates for services described in Exhibit "B," under the following extraordinary circumstances: (i) any changes in federal, state, or local laws or regulations that result in an increase in Grantee's costs, including but not limited to the imposition of new or the increase to existing governmental taxes or fees; and (ii) in the event that circumstances arise which materially affect Grantee's costs or revenues under this Agreement, including but not limited to material increases or decreases in the cost of fuel. Grantee's application for an extraordinary rate adjustment shall include a statement of the amount of the requested rate adjustment, the basis therefor, and all financial and other records on which Grantee relies for its claim that Grantee's costs have increased. City staff shall promptly review Grantee's rate application and notify Grantee if its application is complete or whether City staff wishes to review and/or audit any additional documents or information reasonably related to the requested increase before submitting the matter to the City Council for their consideration. Rate adjustments made under this Section 19.D. may be requested by Grantee at any time during the course of an Operating Year; provided, however, that Grantee may not request more than two (2) adjustments due to extraordinary circumstances per Operating Year. The City Council shall review and consider approval of adjustment requests under this Section 19.D. in its discretion; provided, however, that such approval shall not be unreasonably withheld. The City Council shall review and consider such requests within a reasonable period of time after the complete submittal by Grantee of its application for an extraordinary rate adjustment and after the City has had a reasonable period of time to request, review and audit any applicable financial records of Grantee and/or its Affiliates. The City Council may grant Grantee's requested rate adjustment or, based on the information presented, may increase or decrease Grantee's rates in amounts differing from Grantee's request. The adjusted rates, if approved by the City Council, shall go into effect thirty (30) days after such approval or at such other time as established by the City Council. The notice provisions of the second paragraph of Section 19.B. shall apply to City Council review of rate adjustments under this Section 19.D.

**E. Recyclable Revenues.** As further compensation to Grantee for its services under this Agreement, Grantee shall be entitled to receive and retain all revenues from the sale of Recyclable Materials received by Grantee from its customers.

H. Delinquent Accounts.

- 1) Grantee may discontinue service as set forth in this Section. Customers who have not remitted required payments within thirty (30) days after the date of billing shall be notified on forms approved by the City. Said forms shall contain a statement that services may be discontinued fifteen (15) days from the date of notice of payment if payment is not made before that time. Upon payment of the delinquent fees as set forth in Exhibit "B", Grantee shall resume collection on the next regularly scheduled collection day. Grantee shall be entitled to a reinstatement fee in an amount approved by the City for reinstating service after such customers bills are brought current. Prior to the date when the City requires Mandatory Service, customers whose service is being withheld shall not be responsible for rates charged during the period in which service is withheld. Following the date when the City requires Mandatory Service, customers whose service is being withheld shall nevertheless continue to be responsible for rates charged during the period in which service is withheld.
- 2) Grantee may require that a resident or commercial business complete a credit/service agreement application prior to receiving service as a means of acknowledging the rules and guidelines for Solid Waste collection, and/or establishing credit.
- 3) The fees levied for service by Grantee for Solid Waste collection shall constitute a civil debt and liability owing to the City and/or Grantee from the person using or chargeable for such services and shall be collectible in any manner provided by law, including, without limitation, the reporting of delinquent payers to collection bureaus.
- 4) This Section may be amended by Resolution of the City Council with the written consent of Grantee.
- 5) Grantee may collect a late payment penalty fee which shall not exceed the maximum interest rate permitted under California law on all payments not received by the twenty-fifth (25<sup>th</sup>) day of the following month. In addition, Grantee may include in such late payment penalty fee (a) all costs, fees and expenses incurred by Grantee in connection with the collection of any such late payment (including any fees and expenses charged to Grantee by any collection agencies or bureaus retained by Grantee), and (b) the reinstatement fee provided for in Section 19(H1).

17. The second-to-last sentence of the first paragraph of Section 20.A. is hereby deleted in its entirety.

18. The following is hereby added as a new Section 20.C.:

C. Low Emissions Requirement. If changes in federal, state or local laws, including, but by no means limited to, the proposed California Air Resources Board Heavy Duty Engine Standards to be contained in CCR Title 13, Section 2020 et seq., and the Federal EPA's Highway Diesel Fuel Sulfur regulations, mandate that Grantee convert or retrofit its collection fleet to use the most cost-effective means to reduce air pollutant emissions, Grantee shall take all necessary steps to so comply, and shall be in full compliance with all other local, state and federal clean air requirements. Grantee also agrees that it shall use commercially reasonable efforts to explore the use of new management practices, including the use of new technologies, to help Grantee reduce waste management activity-based green house gas and carbon release emissions.

19. Section 21.A. is hereby deleted in its entirety and replaced with the following language:

A. Office Hours. Grantee's office hours shall be, at a minimum, from 8:00 a.m. to 5:00 p.m., Monday through Friday. A representative of Grantee shall be available during office hours for communication with the public in person and by telephone at Grantee's principal office in Diamond Springs, or such other location within El Dorado County as Grantee shall establish. Grantee shall also provide the City with an emergency telephone number for use during other than normal business hours. Grantee shall have a representative or answering service available at said after-hours telephone number during all hours other than normal office hours.

20. Exhibit "B" is hereby amended by adding the following thereto:

Grantee shall collect Solid Waste, Greenwaste and Recyclables from the three different 32- (for Solid Waste only), 64- and 96-gallon Grantee-provided carts, as requested by the customer and placed for collection by the customer. At the customer's request, Grantee shall provide to such customer, and at no additional charge to such customer, one additional cart for the collection of either Greenwaste (only 96-gallon carts available) or Recyclables (either 64- or 96-gallon carts available). Standard collection service shall be automated collection from the curb, unless another method is approved by the City. City approval will not be unreasonably withheld. Grantee will maintain/repair the existing carts until such a time a new cart is necessary. A new cart of the same color will be provided at no cost to the customer if such cart is replaced due to normal wear and tear. Grantee may charge customer a fee to cover its costs of repair or replacement of carts that are damaged due to abuse by or negligence of customer and to replace carts that are lost by customer for any reason.

21. The following is added as Exhibit "C" to the Agreement:

**Exhibit "C"**

**To Collection Franchise Agreement between  
City of Placerville  
And**

**Waste Connections of California, Inc., doing business as El Dorado Disposal Services**

Grantee and the City have established the following performance criteria pursuant to Section 19.C. of the Agreement to determine whether Grantee is entitled to the full CPI adjustment provided in Section 19.C in the case of an increase in the CPI; Grantee shall always be subject to one hundred percent (100%) of any decrease in the CPI regardless of whether Grantee has satisfied the performance criteria. Each of these criteria shall be weighted at twenty percent (20%) of one hundred percent (100%) percent of the CPI. Thus, if Grantee satisfies each of the performance criteria at the one hundred percent (100%) level, it shall be entitled to one hundred percent (100%) of the CPI adjustment in the case of an increase in the CPI; if it satisfies four (4) of the five (5) criteria at the one hundred percent (100%) level and one (1) at the zero percent (0%) level, it shall be entitled to only eighty percent (80%) of the CPI adjustment. All of the criteria shall be prorated, as provided below.

The missed pick-up rate for residential customers shall not exceed .005%, or five (5) per one thousand (1,000) customers, on average per collection day for the most recently completed Operating Year prior to the effective date of the CPI increase (late pick-ups shall not be considered missed pick-ups for this purpose). If this performance criterion is not satisfied, the twenty percent (20%) component of the CPI increase attributable to this component shall be reduced by one percentage point (1%) for each customer in excess of five (5) that the average missed pick-up rate exceeds .005% on average per collection day for the relevant Operating Year. For example, if the average missed pick-up rate is .007%, the CPI adjustment shall be reduced by two percentage points (2%); in no event shall the CPI adjustment be reduced by more than twenty percentage points (20%) for failure to satisfy this criterion.

Grantee shall answer customer calls within an average of seventy-five (75) seconds, as measured by Grantee's phone system and reported to the City, during the most recently completed Operating Year prior to the effective date of the CPI increase. If this performance criterion is not satisfied, the twenty percent (20%) component of the CPI increase attributable to this component shall be reduced by one percentage point (1%) for each second in excess of seventy-five (75) for the average time to answer customer calls. For example, if the average time to answer customer calls for the Operating Year preceding the effective date of a CPI adjustment is eighty (80) seconds, the CPI adjustment shall be reduced by five percentage points (5%); in no event shall the CPI adjustment be reduced by more than twenty percentage points (20%) for failure to satisfy this criterion.

Grantee shall on average correct 99.95% (995 out of each 1,000 customers) customer complaints for each Operating Year preceding the effective date of the price CPI adjustment within the time specified in Section 21.B of the Agreement, but only in so far as such

complaints are capable of being corrected within such time period. If this performance criterion is not satisfied, the twenty percent (20%) component of the CPI adjustment attributable to this component shall be reduced by one percentage point (1%) for each customer in excess of five (5) that the average time to correct customer complaints exceeds the time specified in Section 21.B of the Agreement. For example, if for any Operating Year the average number of customers whose complaints are not corrected within the time period specified in Section 21.B of the Agreement is ten (10) per one thousand (1,000) customers, the CPI adjustment shall be reduced by five percentage points (5%); in no event shall the CPI adjustment be reduced by more than twenty percentage points (20%) for failure to satisfy this criterion.

Grantee shall on average correct 99.95 % (995 out of 1,000) complaints for litter attributable to Grantee within forty-eight (48) hours after receipt for each Operating Year. If this performance criterion is not satisfied, the twenty percent (20%) component of the CPI adjustment attributable to this component shall be reduced by one percentage point (1%) for each occasion in excess of an average of five (5) per one thousand (1,000) that the time to correct complaints for litter attributable to Grantee during the relevant Operating Year exceeds forty-eight (48) hours. For example, if for any Operating Year the average number of complaints for litter that are not corrected within forty-eight 48 hours is ten (10) per one thousand (1,000) customers, the CPI adjustment shall be reduced by five percentage points (5%); in no event shall the CPI adjustment be reduced by more than twenty percentage points (20%) for failure to satisfy this criterion.

All reports required to be filed by Grantee with the City pursuant to Section 16 shall be timely filed within the periods specified in that Section; provided that up to three (3) reports per Operating Year may be filed late without a reduction in the CPI adjustment. For each occasion in excess of three (3) in the Operating Year preceding the effective date of the CPI increase that one of the reports required by Section 16 is filed late, the twenty percent (20%) component of the CPI adjustment attributable to this component shall be reduced by four percentage points (4%). For example, if for any Operating Year, five (5) reports required by Section 16 of the Agreement are not filed within the time specified in Section 16, the next succeeding CPI adjustment shall be reduced by eight percentage points (8%); in no event shall the CPI adjustment be reduced by more than twenty percentage points (20%) for failure to satisfy this criterion.
